### **Hospitals for Hope**

The Mississippi Hospitals for Hope campaign is a collaborative venture that teams the Mississippi Hospital Association, the Mississippi Organ Recovery Agency, the Mississippi Lions Eye Bank, and hospitals across Mississippi in an effort to save lives through organ, eye, and tissue donation. Participating in the Hospitals for Hope campaign is simple and can be combined with your hospital's current plans for outreach during National Donate Life Month in April. Participation is as easy as sending an e-mail to staff encouraging them to learn more about organ, eye, and tissue donation or posting a message on Facebook.

Once you give us the name of the contact person for your hospital, we will make sure he or she has all of the materials needed to promote organ and tissue donation.

The challenge is structured so that any size hospital can be recognized for its efforts. You can choose activities that best fit your hospital's campaign. All participating hospitals and hospitals with the most points in each bed size will also be recognized at MORA's Spero Awards. Bed size categories include: Hospital 25 beds and under, Hospital 26 beds to 100, Hospital 101 to 200 beds, Hospital 201 to 399 and Hospital 400 beds or greater.

For more information, contact Shawn Rossi at [srossi@mhanet.org](mailto:srossi@mhanet.org), (601) 368-3237 or Kellie Wier at [kwier@msora.org](mailto:kwier@msora.org), (601)933-1000.
